PROCEEDINGS
OF THE
BOARD OF SUPERVISORS,
OF ONONDAGA COUNTY,
1891.

SPECIAL SESSION.

NOTICE OF SPECIAL SESSION.

SYRACUSE, N. Y., August 12th, 1891.

To the Supervisors of the several Towns and Wards of the County of Onondaga:

Please take notice that, pursuant to the request, in writing, of a majority of the members of the Board of Supervisors, to me directed, a special meeting of said Board is hereby called for 12 o'clock M., on Tuesday, August 18th, at the official chambers in the city of Syracuse, for the purpose of taking action with reference to certain repairs at the County House, and additional funds for the main-

tenance of that institution, last year's appropriation having been exhausted, and for the transaction of such other business as may properly come before said Board.

Yours, etc.,

MYLES O'SULLIVAN,
Clerk of the Board of Supervisors.

FIRST DAY.

TUESDAY, August 18, 1891.

The Board was called to order at 12 o'clock noon by the Clerk, and, on motion of Mr. Dyer, Mr. Kuntzsch was elected temporary Chairman. Messrs. Nichols, Quimby, Kelley and E. A. Hill were the only absent members.

On motion of Mr. Thornton the rules of the last Board were adopted as the governing rules of the special session.

The Clerk read the call, and then Mr. Dorchester asked for a statement as to the repairs needed at the County House. Mr. Chapman, Chairman of the Committee on County Buildings, made the reply. He began by calling attention to last year's resolution limiting the expenditures of the Committee to \$2,500 and forbidding them to incur any extraordinary expenses without special authority from the Board. The repairs and improvements most needed, he said, were in the steam-heating apparatus and in the boiler house, and, besides, Justice Kennedy had made a requisition for additional shelving on a somewhat extensive scale in the Court of Appeals library. Mr.

Chapman concluded his statement by moving the appointment of a committee of five to look into the whole matter, and report with regard to it to the Board. The motion was carried, and the Chairman named the following: Messrs. Dyer, McCarthy, Clough, Aungier and D. M. Hill.

The matter of raising money for the Superintendent of the Poor in anticipation of the tax levy was brought to the attention of the Board by Mr. Dyer, who said that on July 1st the Superintendent's account had been overdrawn to the extent of \$3,100.

The privilege of the floor was extended to the Superintendent, who submitted the following:

RECAPITULATION.

Supplies and salaries.....	\$16,149 21
Repairs and improvements.....	3,578 02
Transportation (insane and simple).....	1,585 85
Office expenses.....	216 69
Telephone (rent and repairs).....	165 05
Clothing furnished insane.....	794 61
Total expended.....	\$22,489 43
June 26, received from the State Treasurer for transportation of the insane from the first day of October, 1890, to the 15th of May, 1891.....	\$ 1,210 47
July 25, received from the State Commission.....	204 90
Total.....	\$ 1,415 37

ESTIMATE—COUNTY HOUSE AND OFFICE.

I estimate the amount required for purchase of supplies and payment of salaries and help for the remaining three months of the current fiscal year at \$1,434 per month.....	4,302 00
For repairs and improvements for same period at \$100 per month.....	300 00
For transportation.....	528 60
For telephone.....	55 02
For office expenses.....	72 21
Amount overdrawn from Treasurer to be provided for by Board.....	2,729 21
Total to be provided.....	\$ 7,987 04

This estimate provides for the contingency of a possible transfer of the insane remaining at the County House, to the State Hospital, before the next regular appropriation becomes available, and is therefore in excess of actual requirements if they remain at the County Asylum.

Smith Soule, keeper of the County House, also made a statement that purported to show a saving of \$1,372.00 in the running expenses of that institution since he had been in charge.

Mr. Dorchester moved that a committee of five, including the Chair, be appointed to investigate the matter of the deficiency in the Poor Fund, and, the motion being carried, the Chairman named the following: Messrs. Dorchester, Thornton, Yaeckel, Welch and Kuntzsch.

Both committees were instructed to report at noon tomorrow, and the Board then, on motion of D. M. Hill, adjourned for the day.

SECOND DAY.

WEDNESDAY, August 19, 1891.

The Board met at noon, and Messrs. Nichols, McCarthy and E. A. Hill were the only absent members.

Immediately after the reading of yesterday's minutes Mr. Dorchester announced that the committee appointed to investigate the matter of the deficiency in the Poor Fund would require several days more to complete their work. On motion of Mr. Munn the desired extension of time was granted, and it was decided that, when the Board adjourned, the adjournment should be until Tuesday afternoon at 2 o'clock.

Mr. Dyer, in behalf of the Committee on Repairs at the County House, announced that a report had been substantially agreed upon, but that he and his associates had thought best not to submit it until the other committee were ready to lay the result of their investigations before the Board. The two committees were closely related in what they had to do, he said, and that was why it had been decided that their reports should be presented together.

Additional time was granted on Mr. Munn's motion, and then the Board adjourned.

THIRD DAY.

TUESDAY, August 25, 1891.

The Board met at 2 o'clock P. M., the absentees being Messrs. Nichols and Chapman.

Mr. Dorchester announced that the committee appointed to investigate the accounts of the Superintendent of the Poor had not yet been able to complete their work, and, on Mr. Blaney's motion, a further extension of time was granted, and it was decided that when the Board adjourned the adjournment should be until Monday afternoon at 2 o'clock. The Board then adjourned.

FOURTH DAY.

MONDAY, August 31, 1891.

The Chairman called the Board to order at 2:30 o'clock

P. M., and all the members answered to their names on the call of the roll except Messrs. Nichols, Knapp, Patterson and Miller.

Mr. Dorchester of the Committee appointed to investigate the accounts of the Superintendent of the Poor presented the following report:

To the Honorable Board of Supervisors of the County of Onondaga:

Your committee appointed to examine the accounts and vouchers of the Superintendent of the Poor and estimate the amount of money necessary to be raised for the use of the Superintendent to carry him through the fiscal year, would respectfully report as follows:

We entered upon the discharge of our duties immediately after our appointment, commencing with an examination of the books of the office. We had not proceeded far with the examination before we found we had a harder and more difficult task before us than we had anticipated. Finding that the books did not show any settlement at the close of ex-Superintendent McIntyre's term of office we were obliged to go back to the close of ex-Superintendent White's term, he having had a settlement with his successor and turned over to him the balance in his hands for which he showed your committee receipts. Taking it for granted that this settlement was correct, we made the beginning of Mr. McIntyre's term the starting point of our inquiry extending to the investigation of the accounts and affairs of the office from January 1, 1888, down to August 17, 1891. We soon found that the methods of doing the business and the system of keeping the accounts in this office were so crude and unsystematic (no ledger accounts being kept) that it would be necessary to separate and classify the various accounts in order to arrive at any satisfactory knowledge of the true condition of affairs, this we proceeded to do, and when it is considered that this inquiry has extended over a volume of business amounting to nearly \$100,000, covering three and one-half years, some idea of the time and labor necessary to examine it may be had.

First: We submit to you the following schedule of receipts and expenditures for the several years.

Cash on hand August 17, 1891.....	1 23
Shortage.....	172 07
Total.....	\$24,106 06

It will be seen by the above figures that the Superintendent is short \$172.07 in his cash balance. It will also be seen that the above reports do not agree with the reports of the Superintendent for the several years, and your committee will endeavor to explain the cause thereof. The several totals in the Superintendent's reports do not in all instances agree with those in his books, and it appears that in the classification of receipts and expenditures the several amounts of each having been put down and footed up were not compared with the footings in the books to see if they corresponded. By referring to the Superin-

tendent's report, made October 31, 1890, it will be seen that the receipts for the year ending October 31, 1890, as reported by him amount to \$5,670.64, and his books show the receipts to have been \$4,750.28, making a difference of \$920.36 that he reported in excess of what his books called for.

It appears that in making out the last report the Superintendent did not take in consideration the orders issued on the County Treasurer but not presented and paid but such orders were in his report of expenditures.

On October 31, 1890, balance on hand was\$181 26
Cash on hand at office..... 801 82

Making a total of\$983 08

There were issued and unpaid at that time orders amounting to \$1,271.49 which makes a deficit of \$288.41.

The Superintendent's report called for a balance on hand of \$652.04 when in fact there was a deficit of \$288.41 and there should have been provided the total of these two sums, \$940.45, in addition to what was provided by the last Board.

In the above item of cash on hand we presume that this amount was actually on hand as in fact it should have been as the books at that time showed that difference, yet the cash book was not balanced and at no time does it show the balance of the cash on hand.

We also found that there were issued on the County Treasurer orders amounting to \$252.20 which were not entered upon his books but it appears they were for money expended in transferring insane patients and that it was an oversight in not making the entries.

Statement of the balance due the County for the board and care of patients at the several State Insane Asylums which are paid by themselves or their friends:

In the above statement we have not taken into account the balance due from paying patents at the County House, and did not do so for the reason that the Superintendent has no account showing the same.

Accounts that do not appear credited to the County, but are credited on individual accounts for care and maintenance of insane in State Asylums:

These items were not entered upon the Superintendent's book of receipts and were never credited to the County by him:

Your committee find the total amount of bills paid by the Superintendent from November 1, 1890, is \$22,842.52, for which he has vouchers. We examined the bills very carefully, item by item, and classified them as follows:

1. The statement of unpaid balances shows that there is now due from paying patients \$5,456.60, but your Committee are of the opinion that a portion of this has been paid, and in fact have been shown receipts for the payment of a small portion of it and how much more has been paid and not accounted for, your Committee have been unable to ascertain and could not without going to each individual personally.

2. We find that the Superintendent of the Poor has charged the county with livery bills from November 1, 1890, to August 17, 1891, \$295 25; we also find that the Board of Supervisors on January 5, 1886, passed the following resolution:

"That the Superintendent of the Poor be allowed twenty-five dollars per month for a horse and wagon to be used by him and his deputy. Said allowance shall be in lieu of all bills for living and of all other traveling expenses within the county for said Superintendent of the Poor and for his deputy, and the County Treasurer is hereby authorized to pay said amount monthly to the Superintendent of the Poor from the Poor Fund of this county.

We conclude, after consulting with the Superintendent, that of the \$295.25 charged for livery, \$84.25 was for transportation of insane, which is a proper charge against the county, leaving a balance of \$211, which, under the above resolution, ought to have been paid by the Superintendent personally.

3. In the case of one Joseph Bradley, a paying patient at the State Asylum, we find that his bills for care and board from July 1, 1888, to January 1, 1891, has been paid to the County Treasurer by order of the court.

The Treasurer has credited the same to the miscellaneous accounts, while all other receipts from paying patients is placed to the credit of Superintendent of Poor accounts, and your Committee recommend that the County Treasurer be directed to place all receipts from paying patients to the credit of the Superintendent of Poor accounts.

4. Finally we find from the above that the shortage in the accounts of the office of Superintendent of Poor from January 1, 1888, to August 18, 1891, as follows:

In cash account.....	\$172 07
In insane account.....	719 85
Total shortage in account.....	<u>\$891 92</u>

Articles paid for by county which, in the opinion of your Committee, are not a proper charge against the county \$501.22, horse hire, as shown above, \$211; total shortage from January 1, 1888, to August 18, 1891, \$1,604.14.

The above statement of the condition of the affairs of the Superintendent of Poor's office are correct so far as we have been able to ascertain, but we recommend that before any settlements are made between the County and the Superintendent, that an expert accountant be employed to carefully examine and investigate all of the accounts of the office and determine their exact condition.

Your Committee are of the opinion that the Deputy Superintendent of the Poor should be a practical bookkeeper, as much of his duties are of a clerical nature, and this would insure the proper keeping of the accounts.

Your Committee estimate that the amount necessary to pay the over-drafts of \$2,400.64 existing on August 18, 1891, and to pay bills outstanding and necessary running expenses of the office to November 1, 1891, will be \$6,500.

Pespectfully submitted.

Mr. Dyer of the Committee on County House repairs submitted the following report:

To the Board of Supervisors:

Your committee appointed to investigate the condition of the County House buildings and the steam heating connected therewith, submit the following:

In company with the Committee on County Buildings and several members of the Board of Supervisors we have visited the County Poor House and made a thorough examination with its condition.

We find the buildings in good repair and would not advise any further outlay upon them at the present time.

We find the steam heating defective in that the condensed steam does not return to the boiler in consequence of a depression in the line of pipe inside of the building. This can be remedied by taking up and lowering for some 18 or 20 inches, the return pipe to give a fall sufficient for the flow of the hot water to the boiler.

This heated water should discharge into the boiler and save the expense of constantly warming cold water, but through an error in locating the boilers they were placed higher than the pipes and the water already warmed must either run to waste if used or be caught in a cistern and pumped into the boilers. The latter course, from the evidence of those engaged in steam heating, is the proper and economical method and is estimated to save from 25 to 50 per cent. in the cost of fuel.

Your committee would recommend the lowering of the pipe as indicated in the report and the putting in of a pump, and estimate the expense at about \$500.

Both reports were laid over for the day, and the Board then adjourned until 9 o'clock to-morrow morning.

FIFTH DAY.

TUESDAY, September 1, 1891.

The Board met at 9 o'clock A. M., and the absent

members were Messrs. Knapp, Quimby, Miller and Freeman.

The following communications were read by the Clerk:

SYRACUSE, N. Y., August 31st, 1891.

Chairman of Board of Supervisors:

DEAR SIR—The undersigned, one of the bondsmen of Thomas M. Grimes, Superintendent of the Poor, gives notice herewith that he wishes to be released from said bond from this time forthwith and forever.

Respectfully Yours,

FRED. W. WILLWERTH.

To the Honorable Board of Supervisors, Onondaga County, N. Y.:

GENTLEMEN—As one of the bondsmen of Thomas Grimes, Superintendent of the Poor of Onondaga County, N. Y., I desire to be released from further liability, and to that end ask your Honorable Body to release me as such bondsman.

THOMAS R. O'NEILL.

SYRACUSE, N. Y., September 1, 1891.

On Mr. Dyer's motion, the communications were laid aside for consideration later in the day.

Mr. Dorchester called up the report of the committee that investigated the accounts of the Superintendent of the Poor, and it was adopted, all the members present voting in the affirmative.

The report of the Committee on County House Repairs was called up by Mr. Dyer, and was also adopted by a unanimous vote.

Mr. Mogg asked for an explanation of the items for

silk, satin, ribbons, etc., contained in the report of the Investigating Committee.

Mr. Dorchester replied that, so far as the Committee were concerned, there was no explanation to make with regard to them. They were found on the Superintendent's books, he said, and the Committee, as was their duty, had reported them.

Mr. Dyer then addressed the Board, saying that, in the face of the report, the only thing left for the Superintendent to do was to resign his office, and giving notice that, in case the Superintendent should decline to take this course, he would offer a resolution calling for the resignation.

On motion of Mr. Dorchester, a message was sent to Superintendent Grimes, informing him that the privilege of the floor would be extended to him for any explanation that he might desire to make.

Mr. Grimes appeared before the Board a few minutes later, and asked for time in which to go over his books and prepare a formal report.

In reply to Mr. Dyer, the Superintendent said that while he did not wish to attack the Committee's report, he did not accept it as entirely correct. He thought, for instance, that in the matter of the livery bills for the transportation of the insane the amount allowed by the Committee was too small, and he felt sure that, if he could have time to go through his books, he would be able to reduce the apparent deficiency.

The Superintendent was further questioned by Mr. Dorchester. Finally Mr. Thornton made a motion that the District Attorney be requested to furnish the Board with an opinion covering the case in all of its legal aspects. Mr. Dorchester moved as an amendment that the communications from Messrs. O'Neill and Wilwerth be referred to the District Attorney, with instructions to report with regard to them at the afternoon session. The amendment was accepted by Mr. Thornton, but it was not put to the Board.

While the question was pending, the privilege of the floor was extended to Mr. O'Neill, who, as one of the Superintendent's bondsmen, asked that time be allowed him, the Superintendent, for consultation with his friends. He had reason to believe, he said, that an arrangement satisfactory to the Board would be the result of such a conference.

Mr. Dyer, while disclaiming any wish to interfere with the proposition of the gentleman from Skaneateles, expressed the opinion that it might be better to postpone further consideration of the matter, and, on his motion, a recess was taken until 2 P. M.

AFTERNOON SESSION.

There was a full attendance of the members at the afternoon session. Immediately after the call of the roll the Clerk read the following letter of resignation:

To the Honorable Board of Supervisors of the County of Onondaga:

I herewith tender my resignation of the office of Superintendent of the Poor of Onondaga County to take effect immediately. My reasons

for taking this step are known to some if not to all the members of your body and I need not therefore enter into any discussion on the affairs of the office.

I desire to say, however, that while the books of the office seem to be somewhat complicated and poorly kept, yet the same system has been followed by me as was used by my predecessors in office, and so far as I know has not heretofore been criticised.

I am not an expert bookkeeper, and with the small salary allowed me I was not able to employ such a bookkeeper as should have charge of an office doing the large amount of business transacted by that department. My time has been fully occupied, as well as that of my assistant, in taking care of the department, and I have done the best I could. I stand ready at any and all times so far as is in my power to make good any shortage found in the department. The county of Onondaga or any friend of mine shall never lose one penny through me, and if I have erred it has never been intentionally.

I shall be glad at all times to do anything in my power to aid my successor in office, giving him all the information in my possession, and the same is true in regard to your honorable body and any committee thereof. Thanking your honorable board and each member thereof for the consideration shown, the courtesies extended and the kind words spoken to me, I remain,

Yours truly,

THOMAS M. GRIMES.

Dated September 1, 1891.

Mr. Freeman moved the acceptance of the resignation. Before the question was put, however, District Attorney Hancock, in reply to a question put to him by Mr. Dorchester explained that in order to make the resignation binding it would have to be filed with the Secretary of State. There was no objection, of course, to its being filed with the Board, he said, but the other course was the way in which the statutes provided that the office should be vacated.

After hearing this explanation Mr. Freeman withdrew his former motion, and moved that the resignation be simply received and placed on file. The motion was carried by a unanimous vote. The Board then adjourned until 10 o'clock to-morrow morning.

SIXTH DAY.

WEDNESDAY, September 2, 1891.

All the members except Mr. Yaeckel were in their seats when the Board was called to order at 11 o'clock.

Mr. Dyer moved that the resignation of the Superintendent of the Poor be accepted, and the motion was carried unanimously. The office was then declared vacant and the Board proceeded to the election of a successor to Mr. Grimes. The name of John Q. Fellows was presented by Mr. Nichols, and that of John Carey by Mr. McCarthy. A call of the roll was ordered, on Mr. Dorchester's motion, and this was the result of the vote:

Fellows Messrs. Gorham, Mogg, Nichols, D. M. Hill, Aungier, Munn, Quimby, Dorchester, Niles, Dyer, Duell, Vail, Norton, Miller, Welch, Freeman and Kelley—17.

Carey—Messrs. Snyder, Blaney, Knapp, Clark, Thornton, Patterson, Davis, McCarthy, Chapman, Whittic, Hayden, Clough, Kuntzsch, Worden and E. A. Hill—15.

Mr. Fellows was declared elected to the office of Superintendent of the Poor, and, on motion of Mr. Dyer, his bond was fixed at \$40,000.

Mr. Dorchester offered the following resolution, and it was adopted—Ayes 31, noes none.

Resolved, That the sum of \$6,500 be and is hereby appropriated for the use of the Superintendent of the Poor to carry him through the fiscal year, and to meet this appropriation the County Treasurer be and is hereby authorized and directed to borrow until the next tax levy upon the credit of the county at as low a rate of interest as possible the sum of \$6,500.

The following resolution offered by Mr Dyer, was adopted—Ayes 32, noes none.

Resolved, That a committee of three be appointed by the Chairman, whose duty it shall be to meet at the office of the Superintendent of the Poor on the first Monday in each month for the purpose of auditing all bills of the Superintendent of the Poor for supplies for the previous month.

Resolved, That all checks for supplies in excess of five dollars before being paid by the County Treasurer shall be countersigned by the chairman of this committee.

On motion of Mr. D. M. Hill the committee who investigated the accounts of Superintendent of the Poor Grimes were authorized to make a settlement with him and, if necessary, to employ an expert accountant.

Messrs. Dyer, McCarthy and Norton were appointed a committee under the resolution of the first-named gentleman to audit monthly the accounts of the Superintendent of the Poor.

At 12 M. the Board, on motion of Mr. Knapp, adjourned without day.

Noes—Messrs. Snyder, Blaney, Knapp, Clark, Thornton, Patterson,

Davis, Yaeckel, McCarthy, Chapman, Whittic, Hayden, Clough, Kuntzsch, Worden and E. A. Hill—16.

The motion for a recess also failed to prevail, and the vote was as follows:

Ayes—Messrs. Snyder, Blaney, Knapp, Clark, Thornton, Patterson, Davis, Yaeckel, McCarthy, Chapman, Whittic, Hayden, Clough, Kuntzsch, Worden and E. A. Hill—16.

Noes—Messrs. Gorham, Mogg, Nichols, D. M. Hill, Munn, Aungier, Quinby, Dorchester, Niles, Duell, Vail, Norton, Miller, Welch, Freeman and Kelley—16.

D. M. Hill made the next motion and it was for the election of a permanent Chairman. Mr. Dorchester proposed the name of Marshall R. Dyer of Pompey, and asked for his election by acclamation. The suggestion was

accepted by Mr. Kuntzsch in behalf of the Republican members of the Board. The question was then put by the Clerk on Mr. Dyer's election, and it was carried unanimously.

At this point in the proceedings Mr. Kuntzsch renewed the motion for the election of Mr. Blaney as temporary Chairman. Mr. Dorchester moved as an amendment that the Board adjourn until 2:15 o'clock on Monday afternoon. Both amendment and motion were lost on tie votes, as before.

Mr. McCarthy next moved that the Board proceed to the election of a Clerk. Mr. Dorchester again offered an amendment for an adjournment, fixing the hour at 2:20 P. M. Mr. Kuntzsch raised the point of order that the amendment was not in order, no other business having intervened since the voting down of a similar amendment a moment or two before. The Clerk ruled that the point was not well taken because of the difference as to time in the two amendments. The question was then put to the Board, and Mr. Dorchester's amendment was lost:

Ayes—Messrs. Gorham, Mogg, Nichols, D. M. Hill, Aungier, Munn, Quinby, Dorchester, Niles, Duell, Vail, Norton, Miller, Welch, Freeman and Kelley—16.

Noes—Messrs. Snyder, Blaney, Knapp, Clark, Thornton, Patterson, Davis, Yaeckel, McCarthy, Chapman, Whittic, Hayden, Clough, Kuntzsch, Worden and E. A. Hill—16.

Mr. McCarthy's motion for the election of a Clerk was also lost:

Noes—Messrs. Gorham, Mogg, Nichols, D. M. Hill, Aungier, Munn, Quimby, Dorchester, Niles, Duell, Vail, Norton, Miller, Welch, Freeman and Kelley—16.

Mr. Dorchester here moved a recess for thirty minutes, but accepted an amendment by Mr. Thornton that the recess be for an hour, and the motion was then carried unanimously.

SECOND SESSION.

WESTERN NEW YORK INSTITUTION FOR DEAF MUTES,
 ROCHESTER, N. Y., November 23, 1891.

E. J. Shanahan.

DEAR SIR—I enclose a bill for the support of pupils for the year ending October 1st, 1887. This is a duplicate of the bill which was duly mailed in September, 1887, to E. J. Shove, Clerk of the Board of Supervisors. The following fall after correspondence with the Treasurer of the county, I received a copy of the Journal of Proceedings for 1887 and a letter from Mr. Shove saying that he was confident that no such bill had been received by him in 1887. I accordingly mailed him a copy of the bill for 1887 November 10th, 1888. The report or bill for the year 1888 was audited and the amount paid, this bill had been sent earlier in September. There was some correspondence with the Treasurer and the Clerk of the Board in 1889 about the year 1887, for which I had mailed two bills to Mr. Shove but for some reason—for which there was no way to account—he had not received either of them. Mr. Shove agreed to present the bill the following year but in some way it was overlooked, and has not yet received attention. The amount of the bill was legally due and would have been audited and paid at the time, had it been laid before the Board of Supervisors, and I trust you will see that it is presented at the present session.

Very respectfully yours,

Z. F. WESTERVELT,

Superintendent.

Mr. Mogg offered the following resolution, which was adopted unanimously:

WHEREAS, Schuyler P. Knapp, the efficient and esteemed representative of the town of Geddes in this Board, is suffering from serious indisposition and is thus unable to attend to the duties incumbent upon him in his official capacity,

Resolved, That we, the members of this Board of Supervisors, do both individually and as a body sympathize with our associate in his illness and with his family in the consequent affliction imposed upon them.

Resolved, That in Mr. Knapp's absence we have missed the services of one of the most experienced and useful members of the Board, and that we earnestly hope for his speedy and permanent recovery.

Resolved, That a copy of these resolutions be sent to Mr. Knapp by the Clerk of the Board.

The following petition, presented by Mr. Thornton, was received and read by the Clerk:

To the Honorable Board of Supervisors of the County of Onondaga:

The petition of the Women's and Children's Hospital of Syracuse and St. Ann's Foundling Asylum respectfully represents:

That they are now receiving \$1.50 a week from the County of Onondaga, for destitute infants under two years of age, sent there by said County.

That said sum is entirely insufficient to pay the actual expenses of caring for said infants cared for by your petitioners; that said infants require more than double the care and attention and are twice the expense of infants over two years of age.

That the statutes require that such institutions as your petitioners' have one nurse for every four infants under two years of age, whereas, at institutions caring for infants over two years of age only one nurse for every twenty children, is required by statute,

That the expenses of caring for the foundlings cared for by said Women's Hospital monthly this last year is \$271.50 per month.

That the items are as follows:

Matron and assistant nurses per month.....	\$ 72 00
Laundress, per month.....	5 00
Milk, per month	30 00
Board of nurses and servants, per month.....	72 00
Bread, butter, etc., per month.....	6 00
Gas.....	12 00
Coal.....	15 00
Drugs, disinfectants and prepared food, etc.....	10 00
Clothing and bedding for infants.....	20 00
Water.....	3 00
Insurance, repairs and furnishing of the children's department, etc.....	26 50
Total.....	<u>\$271 50</u>

That the average number of children cared for has not exceeded twenty per week during the past year, and the cost of caring for each is \$13.50 a month or \$3 15 each per week.

That the cost of the care of the infant children by the other petitioners is substantially the same.

That the regular rate allowed by the County of Onondaga to hospitals for the care of indigent patients is \$3.00 a week for each patient; that indigent infants require more care and attendance than such adult patients.

That as your petitioners are informed and believe, they are the only institutions of the kind between Troy and Buffalo; that other counties have made application to have your petitioner care for indigent infants, and that such counties will not pay a greater rate than that allowed by the County of Onondaga.

WHEREFORE, Your petitioners pray that the rate now allowed your petitioners by the county of Onondaga, for the care and support of indigent infants under two years of age, be increased from \$1.50 to \$3.00 per week for each infant.

December 15, 1891.

Mr. E. A. Hill submitted the following report of the Committee on Jurisprudence, in reference to the several bills before it, and asked that it lay over till later in the day.

The report was read and so laid over.

To the Board of Supervisors:

Your Committee on Jurisprudence would report as follows concerning the bills still remaining in its hands:

We find the bill regulating fishing in the DeRuyter reservoir to be so drawn as to be within the power of this Board to pass under Chapter 212, Laws of 1884.

In reporting said bill favorably we would suggest that Section 2 thereof be amended to read as follows: "§ 2.—On and after June 1, 1893, no person or persons shall catch or kill by any device any fish of any kind in the waters of DeRuyter reservoir, situate within the county of Onondaga, from the 1st day of January to the 30th day of May, in each and every year."

We further direct that if such bill be passed it be published in the papers in which the Session Laws are published, and a certified copy thereof filed in the Onondaga County Clerk's office.

We further report, in reference to the bill for the taking of white fish by gill nets in Onondaga Lake, that this Board has not the power to act thereon, and your committee are therefore obliged to report adversely.

Your committee further report that as to the bill for catching suckers by flat nets in Skaneateles Lake, that this Board has not the power to act thereon, and your committee are therefore obliged to report adversely.

Your committee further report as to the reduction of tolls on the Syracuse and Liverpool Plank Road, that we find that this Board acted thereon in the year 1878 and consequently is able to take further action at this time by a two-thirds vote.

We question the right of this Board to act upon Section 2 of said bill as to the question of abandoning a part of said road situate in the city of Syracuse.

We report favorably on said bill with Section 2 stricken out, in order that the matter may be brought before the full Board, and the Committee of the Whole would suggest that interested parties be permitted to appear before the Board to present the conflicting interests suggested by said bill.

Dated, Syracuse, N. Y., December 18, 1891.

SEC. 13. This act shall take effect immediately.

Mr. Thornton then proceeded to address the Board in favor of the substitute.

Mr. Clark spoke at length against the amendments of the gentlemen from Lysander and Skaneateles, and in favor of his original resolution.

Mr. E. A. Hill also made an argument in favor of the original resolution.

Mr. Munn and Mr. Dorchester made the argument for the Munn amendment and against the resolution of Mr. Clark. After considerable debate the question on the substitute amendment of Mr. Thornton was put and lost by the following vote:

Noes—Messrs. Davis, Yaeckel, Whittic, Hayden, Kuntzsch and Worden—7.

When Mr. Kuntzsch's name was reached on the roll he voted no, but explained his vote by saying that if the office is to be made a salaried office the salary proposed in the amendment was insufficient.

Mr. Worden voted no and explained his vote for the same reason.

Mr. Dorchester then offered the following resolution, which was adopted unanimously:

Resolved, That the sum of twenty-five dollars be allowed Myles O'Sullivan for his services in preparing the "Manual of the Board of Supervisors," and that an order for that amount be drawn in his favor on the Contingent Fund.

Adopted unanimously.

The rules were then suspended for the day by a unanimous vote, on motion of Mr. E. A. Hill.

Mr. E. A. Hill moved that Mr. Thornton's (amendment) bill, as approved in the Committee of the Whole and confirmed by the Board, proceed to its third reading.

Carried.

The bill then received its third reading, and finally passed the Board by the following vote:

Ayes 26, noes 0.

Mr. Vail then moved that when the Board adjourn, it adjourn to Tuesday, December 29th, at 2 o'clock P. M.

Your Committee on Towns and Villages, to whom has been referred the petition of John McCarthy and others, praying that certain lands in the village of Elmwood be set apart from that village and hereafter be included in the Town of Onondaga, have carefully considered said petition and find that the petitioners are the owners and only occupants of said premises, and that the land therein referred to is a level piece of land surrounded by water and subject to overflow and connected with the public highway by a private road, and in the judgment of your committee is not desirable for building lots and in no way can be benefitted by being a part of said village and therefore should not be subject to the extraordinary taxation which it would have to bear by being a part of said village; and, as Section 33, Chapter 870 of the Laws of 1871, empower the Board of Supervisors to grant such immunity, therefore your committee report favorably.

ANNUAL REPORT
OF THE
Inspectors of Onondaga Co. Penitentiary
FOR THE YEAR 1891.

The Honorable, the Board of Supervisors, of Onondaga County:

GENTLEMEN—The Inspectors of the Penitentiary hereby submit their report, together with the reports of the Superintendent, Physician and Chaplains usually submitted. Those reports are so fully portrayed that very little remains for us to add.

The Broom and Bolt industries are progressing as well as can be expected with the limited number of prisoners we have received from outside counties.

We recommend the appropriation of \$4,103.25, which with the estimated resources for the coming year, as presented by the Superintendent's report, will meet the current expenses.

And we cannot refrain from saying that in our opinion, under the supervision of Superintendent Wallace A. Noble, the institution ranks second to none of the many county institutions, either in its discipline or sanitary condition. The officers have performed their several duties faithfully and well.

ANNUAL REPORT

OF THE

SUPERINTENDENT OF THE ONONDAGA CO. PENITENTIARY.

FOR THE YEAR 1891.

To the Honorable, the Board of Inspectors, of the Onondaga County Penitentiary:

GENTLEMEN—In transmitting to you this, the forty-first annual report of the Onondaga County Penitentiary, for the fiscal year ending October 31st, 1891, I deem it my duty to refer briefly to what has been accomplished under very unfavorable circumstances. It is a well-known fact that this institution was quarantined with small-pox the first day I entered upon the discharge of my duties here. The Yates bill, which virtually prohibited any industries being carried on in the penal institutions of this State, was still another obstacle in the way of success. As a consequence the industries were paralyzed and both were discontinued; as a result the institution was for a time wholly supported by taxation. The enforced idleness in our prisons could but result in disaster, discipline could not be enforced, and the almost solitary confinement of the convicts could but result as it did, in sickness, and in many cases the loss of reason. In 1889 a humane bill was passed and became a law, known as the Fassett prison bill. The industries in the various penal institutions of this State were again started, which has proved of priceless value to those who are unfortunate enough to be sent to prison, and at the same time compel those who commit crime to labor and help pay the expense of their maintenance and not be wholly supported by taxation. Under the Fassett bill we started the broom industry and also again started the manufacture of bolts. Both are now in successful operation, being carried on under the piece price plan. All of our convicts who are able to work are now employed on the two industries above mentioned. During the past three years all of the short term men have been employed in grading and beautifying the Penitentiary grounds. In October last the work was completed; 16,642 days' convict labor and 425 days' labor with the county team were required to complete the same. I am unable to make any financial showing for this vast amount of work, but I think you will agree with me that the men could not have been employed to a better

advantage, and that the county has actually received more than double the amount for their services than could have been realized in any other way. We have made many valuable improvements during the past year. I will not attempt to enumerate what has been done in that direction, but desire to inform you that the repairs are now completed, and that the institution from a sanitary standpoint, or in any other respect ranks second to none in this State. In connection herewith I might say that some improvement could be made in the bathing facilities by the removal of the boiler from under the main building and fitting up the room now occupied as a boiler room for that purpose. It would necessitate the building of a boiler house large enough for a laundry and drying room, and would remove that objectionable feature of having a laundry under the main building and at the same time furnish the institution with a modern drying room in place of the one now utterly worthless. We can possibly get along without this, but at the same time it would be a move in the right direction. The policy of contracting with other counties for the board of their county convicts adopted last year was, we think, the only proper thing to do, for we are well satisfied that without them no industries could be run successfully here and the institution would soon become a burthen upon the tax-payers of this county. Action was taken at so late a date last year, that all of the large and best paying counties had contracted elsewhere; but the prospects are that we will be able to secure some of those counties during the coming year at such figures as will be remunerative to the institution.

In closing this report I desire to thank all of the officers connected with this institution for the able manner in which they have discharged the various duties assigned them. And to you, gentlemen, for your valuable advice and hearty co-operation in all that pertains to the welfare of the institution, allow me to return my thanks.

Respectfully submitted,

WALLACE A. NOBLE,

Superintendent.

ANNUAL REPORT

OF THE

Physician to the Penitentiary

FOR THE YEAR 1891.

To the Honorable Board of Inspectors of Onondaga County Penitentiary:

In presenting to you my annual report as Physician of the Onondaga County Penitentiary I wish to speak especially of the sanitary condition of the institution. We have had no outbreaks of disease of a serious nature during the past year, although we have had cases which if they had been carelessly managed might have produced most serious consequences, but with the present sanitary condition of the institution and the prompt co-operation of Superintendent Noble and his assistants we have been able to prevent them. In January last we had one case of varioloid sent to the institution. No prisoner was exposed to it, and concerning which I would call your attention to page twelve of the annual report of the Board of Health of Syracuse for 1890. Dr. Totman in speaking of this case, says: "I wish to commend Superintendent Noble and Deputy Hawley for their vigilance in observing the suspicious nature of the case, and their prompt calling of Dr. Sears. I also wish to commend Dr. Sears on the part which he took in the case. There was absolutely no exposure of a single person while the case was in the Penitentiary. The fact was never more clearly illustrated than it pays to put men of ability in such public institutions."

We have also had one case of typhoid fever which was contracted previous to admission to the prison. No new case has developed from it and it is impossible for such a disease to spread under the present management of the institution. With the old system of the use of wooden buckets promiscuously exchanged every day and giving off their pestiferous odors every night would in time wreck the strongest frame and serve as a warning to visitors not to again enter its corridors. I cannot commend Superintendent Noble in too high terms for his timely recognition of these evils and his prompt application of the remedy. To-day you have an institution which you may justly be

proud of. A well regulated prison is a place for correction and punishment. Its purpose is not for its inmates to exchange vermin nor to have their constitutions wrecked by those unseen yet more deadly vermin, the microbes of disease, nor, have we a right as civilized people to expose our fellow-men to such influences, and any necessary expense laid out in this direction is much more humane and just than to be obliged to expend it in the purchase of drugs and extra fees of physicians and nurses. The first duty of a physician to such an institution is to do all in his power to prevent disease, and second, to treat all cases as thoroughly and economically as possible. This, gentlemen, has been my purpose, and how far this has been accomplished I will submit to you our mortality record and bill for medical supplies.

Thanking you for your assistance in the work.

Respectfully submitted,

F. W. SEARS,

Physician to Onondaga Co. Penitentiary.

ANNUAL REPORT
OF THE
Chaplain to the Penitentiary
FOR THE YEAR 1891.

*To the Honorable, the Board of Inspectors, of the Onondaga County
Penitentiary:*

GENTLEMEN—As one of the Chaplains, permit me to make this brief report: Divine services have been regularly held each Sabbath during the year except one Sunday while the Chapel was undergoing repairs, and it was not in a condition to hold service, Rev. B. Zoller and myself alternating. The usual holidays have been observed and upon Thanksgiving day a musical and literary entertainment was provided which the prisoners enjoyed. The Chapel has been thoroughly renovated and painted and presents a bright, cheerful appearance and is in keeping with the other departments of the institution.

I desire to express my thanks to the Board of Supervisors, to you, gentlemen, to Superintendent Noble, to Rev. Mr. Zoller, my associate, and to the officers, for the uniform courtesy and kindness shown me during the past year.

Respectfully submitted,

ALFRED S. DURSTON,

Chaplain.

REPORT
OF
❖ COMMITTEE ON PENITENTIARY AND JAILS ❖
FOR THE YEAR 1891.

To the Honorable Board of Supervisors of Onondaga County:

Your Committee on Penitentiary and Jails, having visited the Penitentiary, beg leave to report that they have thoroughly examined the report of the Inspectors of the Penitentiary and Wallace A. Noble, Superintendent, and Frederick W. Sears, the Physician, and the report of the Chaplains of the Penitentiary, and herewith report the same to your body with our approval.

We found the Penitentiary sanitary condition in first-class shape and the discipline of the Penitentiary in the best of condition, and we commend its management in that regard.

During the year the buildings have been painted and the grading finished, all the work done by convict labor.

All of which is respectfully submitted.

Dated, December 1, 1891.

Ella Edwards,	Horace Martin.

Your Committee on County Buildings have authorized what repairs and improvements about the County House they deemed necessary for the preservation of the buildings; also for the comfort and safety of the inmates, among them being the construction of new fire escapes, thereby insuring more certain exit in case of fire; also a cooler for the better preservation of fresh meats for use in the institution.

Your Committee on County Buildings have also, by authorization of the Board of Supervisors, at its special session in September last, attached to the boilers in the boiler-room a new self-acting pump for the return of the condensed water in the steam pipes and radiators in the buildings to the boilers; lowered the return pipes sufficiently for its proper working, thereby returning the condensed water, already hot, to the boiler. This, in the estimation of the engineer in charge, is a saving of 30 per cent. in the consumption of coal.

I found when I assumed the duties of Superintendent of the Poor that there was upon the west side of the County House Buildings an open ditch, which carried off the surplus water of the reservoir, constructed for the institution, and acts also in part as a sewer for the buildings, and which, in times of high water, is liable to overflow and flood parts of the basement of the buildings, thereby perhaps causing considerable expense.

I therefore have purchased and laid a 30-inch tile sewer in this ditch, which, I believe, will insure a safe passage for such water; also adding materially to the appearance of the grounds.

The cost of such pipe was about \$300, beside some small additional expense for masonry.

Situated, as our County House Buildings are, in a farming section, the removal of all fences during last summer around the front yards and gardens, thereby depriving them of that protection which is needed in the summer from occasional accidental outbreaks of farmers' stock was very unwise, and I suggest that some suitable fence be constructed in its place.

I recommend that your Honorable Board authorize the construction of two padded cells in the room adjacent to the office of the Superintendent of the Poor for the detention and custody temporarily of insane people, who have to be kept a few hours or over night until they can be forwarded to their destination. The Chief of Police, while manifesting a disposition to be very accommodating, objects to the confinement of the insane in the police station as of doubtful legality and it is often very inconvenient and always expensive to send them to the County House for safe keeping.

Extra care and attention are being given to the insane remaining at the County House. They are supplied with everything they require and provided with all the comforts and recreations their condition permits them to enjoy.

With many obligations and thanks to all those who have kindly assisted us in our duties this report is respectfully submitted.

JOHN Q. FELLOWS,

Superintendent of the Poor.

ANNUAL REPORT
OF THE
Chaplain to the County House.
OF ONONDAGA COUNTY.
FOR THE YEAR 1891.

To the Honorable Board of Supervisors of Onondaga County:

SIRS: My work at the County House this year has been, up to this time, comparatively uninterrupted and devoid of any unusual incident to distinguish it from previous years. It has been carried on in much the same manner as in the past, nothing having occurred that rendered any important change needful.

The purpose has continued to be to deal with the house much as a parish would be dealt with under similar circumstances; with this difference, however, that inasmuch as inmates and attendants differed in their church preferences, it seemed best, as far as possible, to omit all religious forms which might be interpreted as sectarian, and retain only those about which all the leading religious denominations are substantially agreed.

Religious services have been held in the chapel of the house upon alternate Sabbaths, consisting mainly of vocal and instrumental music, reading the scriptures, prayer and preaching. Usually at the close of each service illustrated papers suited to the reading of the day have been distributed to the congregation. The attendance upon these services has been fair, the order good and a reasonable amount of interest has been manifested.

Visits, commonly accompanied by my wife, have been frequently made to the various rooms and departments of the house, sometimes as often as once a week and sometimes at longer intervals.

I have met with most satisfactory success in my efforts to obtain good and interesting reading matter for the house during the year. This literature has been large both in variety and quantity, amounting each week to one or two hundred different publications, or different issues of the same

publications. It has treated upon religious, scientific, literary and political matters, the news of the day, and such other things as might be looked for in a well-appointed reading room. Collecting this material has been attended with no little cost in time and labor, yet the end sought seemed to justify the expenditure. A part of this literature has been in the German language, as some of the inmates of the house can read no other, but much the largest amount has been in English.

A Chaplain at the County House is required to minister to minds and to a mode of thought somewhat out of the usual order, and hence it is not easy for him to make a reliable estimate of the results of his work. But all things considered, there is reason to hope that the efforts in this line for this year have not been wholly in vain.

All of which is respectfully submitted.

A. HARROUN, Chaplain.

ANNUAL REPORT

OF THE

Catholic Chaplain of the Penitentiary,

FOR THE YEAR 1891.

To the Supervisors of Onondaga County, N. Y.:

GENTLEMEN—According to the regulations of the above said Board of Supervisors, I herewith present to you the following report: Nothing of unusual occurrence happened during the past twelve months. Services set aside for the Catholic inmates were held regularly, with an instruction or sermon appropriate for the times and circumstances. Catholics as well as non-Catholics, listened to the word of God with due respect, as it behooves good Christians, and no doubt time will show its benefits and moral changes. Opportunity was also given them to partake of the Sacraments of Confession and Holy Communion, and many if not all Catholic inmates showed a real appreciation of this privilege; since they received these sacraments with great devotion. This was all done without interfering with the regular routine of business assigned to them. Three or four Franciscan Priests, speaking English, German, Italian and French, heard their confessions simultaneously. Seemingly the convicts showed good dispositions of the heart, were sorry for the crimes committed and resolved to amend their lives.

I have held myself in readiness to visit the sick and the dying whenever called; but such has been the general good health in the institution that I had but one sick call and no one died during the last year. I am convinced from personal inspection that the excellent sanitary condition of the Penitentiary, the careful cleanliness maintained and the wholesome food provided, has much to do in promoting both health and morality. We owe, therefore, thanks to the Almighty for having spared the institution during the past year, and in fact during the whole term of the present Superintendent, Mr. Wallace A. Noble, from all calamities and contagious diseases, which before Mr. Noble's term, had set into great excitement the inhabitants of the Second ward and even of the whole city. My sincerest thanks are due and are most cordially tendered to the Superintendent, the Deputy, Mr. Hawley, and the rest of the officers and matrons, for their unflinching courtesy and kind co-operation with the efforts of the clergy for the moral, intellectual and religious welfare of the prisoners.

Trusting that the labors shall not prove altogether in vain, and that also in future humanity and christianity will work hand in hand, I respectfully submit the above report.

REV. BONAVENTURE ZOLLER, O. M. C.,

Superior of the Franciscan Fathers, Chaplain, per Conrad Elison,
O. M. C., Attending Clergyman of the Onondaga County Penitentiary.

ANNUAL REPORT

OF THE

SURROGATE

OF ONONDAGA COUNTY.

To the Honorable Board of Supervisors of the County of Onondaga:

I, George R. Cook, Surrogate of the County of Onondaga, do hereby respectfully submit to your Honorable Body, the following report:

Albert C. Phillips, who was appointed Clerk of the Surrogate's Court nearly nine years since, pursuant to a resolution of the Honorable Board of Supervisors of said county, has continued Clerk of said Court for the past year, at a salary of \$1,200 per year, as fixed by a resolution of the Honorable Board of Supervisors of said County.

That Jessie R. Tyler, who has been employed for several years as recording clerk in the Surrogate's office, has been continued in that position at a salary of \$300 per year, as fixed by a resolution of the Honorable Board of Supervisors of said county.

By Chapter 367 of the Laws of 1890, all official bonds and undertakings of administrators, executors and guardians, are required to be recorded, which prior thereto, were only required to be filed in the Surrogate's office.

By the passage of this act quite an additional amount of work is imposed upon and required of the recording clerk, not contemplated by the Board of Supervisors at the time the salary of the recording clerk was fixed, as the salary of such clerk was fixed several years prior to the passage of such law.

In justice to the recording clerk I would, therefore, recommend that the salary of such clerk be increased \$100 per year on account of additional recording.

The account and report of Albert C. Phillips, Clerk of the Surrogate's Court, and hereto annexed, of the moneys paid into the Surrogate's Court for certified copies of records and papers on file in the

Surrogate's office and deposited by him with the Treasurer of the County of Onondaga, pursuant to a resolution of the Honorable Board of Supervisors of said county, I believe to be in all respects correct, and a true statement of all moneys received by said Surrogate or said Phillips for certified copies of papers and records made by them or either of them.

Dated November 16, 1891.

GEORGE K. COOK,

Surrogate.
